G.O. No. 320 I., dated 16th October 1911.

ABSTRACT.—Forwarding to the Government of India a copy of the proceedings approving, with remarks, the proposals of the Board of Revenue to fix the old irrigation revenue in the case of certain works falling under classes I and II.

II

Letter—from the Hon'ble Col. W. M. ELLIS, R.E., Acting Joint Secretary to Government, Public Works Department (Irrigation Branch).

To—the Secretary to the Commissioner of Revenue Settlement, Survey, Land Records and Agriculture.

Dated—the 18th December 1913.

No.—5880/13-1.

I have the honour to invite attention to paragraph 3 of G.O. No. 320 I., dated 16th October 1911, ordering that the old irrigation revenue of certain systems under classes I and II be continued to be calculated in detail until irrigation under them has fully developed. Of these the Rushikulya and Periyār systems have almost reached their ultimate areas of irrigation and I think the old irrigation revenue in their case can now be fairly fixed once for all based on the averages of the figures determined for the past years. If the Board of Revenue agrees, I request that necessary proposals may be formulated and sent to this office. It is thought that further development of irrigation under these systems will not materially affect the proposals.
